

SEWP VI Ordering Guide

About NASA SEWP VI

The Solutions for Enterprise-Wide Procurement (SEWP VI) Government-Wide Acquisition Contract provides the latest in information technology products and associated services for all U.S. Federal agencies, including the Department of Defense and authorized contractors. The contract is administered by the NASA SEWP Program Office, referred to as the SEWP PMO who processes orders issued by agencies, provide customer service, and manage contractor relations. SEWP offers low prices with an efficient ordering process using pre-competed contracts.

About Simplicity Communications

Simplicity Communications, established in 2007 and based in Grand Rapids, Michigan, is a supplier-neutral technology solutions advisor specializing in enhancing customer and digital experiences while ensuring cybersecurity and managing technology expenses. As a Certified Women Owned Business by WBENC and Diverse Business Enterprise by the Grand Rapids Chamber, we pride ourselves on our inclusive approach. By partnering with top industry vendors, we simplify the process for our clients, offering comprehensive solutions that optimize IT infrastructure, drive productivity, and ensure long-term success. With our dedicated team and extensive expertise, we serve as an invaluable extension of your company, guiding you through the complex landscape of technology to achieve your goals efficiently and effectively.
